BRIEF DESCRIPTION OF THE VISIT:

This trip is focused primarily to observe the Cantabrian Brown Bear.

The best time of year to see them is the spring and fall.

On the 9th we will make a stop in Villafáfila to observe Great Bustard and then we will go to watch a colony of Rooks.

On this same day we will arrive to Somiedo before sunset to make the first wait for the Cantabrian brown bear.

We will do two waits per day in the best places to spot this emblematic Specie. Dawn and dusk are the most propitious time for sighting.

The rest of the day we will do some walks to see Birds that live in this ecosystem and its wonderful landscapes.
